

Avtec Certified Partner Program

PARTNER WITH AVTEC

BUILD YOUR BUSINESS WITH PROVEN SOLUTIONS

For nearly four decades, Avtec has developed trusted technology for mission-critical communication centers across a wide range of industries. With the fourth generation Scout™ family of dispatch solutions, we offer your business a trusted, flexible platform designed to adapt and scale to any environment, whether your customers' needs are simple, highly complex, or somewhere in between.

COLLABORATIVE PARTNERING

At Avtec, we're committed to working closely with you to help your business grow. It's the reason why we maintain a Dealer Advisory Board and a dedicated channel partner team devoted to identifying the best products and services to support your business success. As a reseller and service provider in Avtec's Certified Partner Program (CPP), you'll have access to:

- Channel-exclusive technology, including Scout Select.
- Sales support, including demand generation and relationship building.
- Contract vehicles to accelerate sales cycles.
- Discount structures to increase your margins.
- Professional marketing materials.
- Expert assistance with RFP responses.
- Technical resources and assistance.

With each CPP level, Avtec training gives you a path for business growth. Our goal is to help you broaden your service and support offerings and provide you with opportunities to expand into new markets and provide greater life cycle value to your customers.

COMPETITIVE ADVANTAGE

As an Avtec Certified Partner, you will be representing and supporting family of proven technology trusted by:

- Six major U.S. airlines.
- 70% of North America's Class I railroads.
- 50 global utilities.
- Dozens of Fortune 500 companies.
- Thousands of emergency first responders.

Scout consoles provide your business with two options to meet your customers' business-critical communications needs:

SCOUT ENTERPRISE

Our flagship platform, Scout Enterprise is a highly reliable, redundant, easy-to-expand dispatching solution with access to up to 2,000 endpoints and more than 800 consoles per system.

SCOUT SELECT

Built using Scout Enterprise's flexible, single-code-source technology, Scout Select offers tiered package options for command centers that manage a finite number of radio units and/or telephone lines. Scout Select is available exclusively through Avtec Certified Partners.

AVTEC CERTIFIED PARTNER PROGRAM LEVELS

INVESTING IN YOUR BUSINESS SUCCESS

Avtec's CPP is structured as a tiered program, to allow you to build expertise and capabilities over time to support your business goals. As a reseller and service provider in Avtec's CPP, your organization will be positioned to provide scalable, secure mission-critical communication solutions across a wide range of industries, including:

PUBLIC SAFETY

BUSINESS & INDUSTRY

UTILITIES

TRANSPORTATION

GOVERNMENT

Providing knowledge and guidance to support your business success is a principal goal of CPP.
